

Accessibility Guide

At Wren Urban Nest, we are committed to creating a welcoming and inclusive environment for all our guests. We understand that some visitors may have additional accessibility requirements, and our team is always on hand to provide assistance wherever possible.

Arriving at the Hotel

Wren Urban Nest is located in the heart of Dublin city centre. Due to the hotel's unique urban design, the main entrance includes a short flight of stairs leading down to the reception area.

If you require step-free access, please ring the doorbell located at the main entrance. A member of our team will come to assist you promptly. We are happy to help with luggage and will escort you to reception via the night gate and elevator access route, which provides a fully accessible entrance to the hotel.

Reception & Check-In

Our reception team are fully trained to assist guests with accessibility needs. Our check-in desk is at an accessible height, and we are happy to provide seated check-in if required.

Guest Rooms

Some of our rooms are more suitable for guests with limited mobility. If you have specific requirements, please contact our team prior to booking so we can ensure the best possible room allocation for your comfort.

Accessibility Guide

Public Areas

All public areas of the hotel, including our ALT Bar & Restaurant, are accessible via elevator. There are accessible restroom facilities available for guests and visitors.

Assistance & Support

If you have any accessibility requirements before or during your stay, please let us know in advance or at check-in. Our team is always available to provide:

Assistance with luggage

Guidance around the hotel

Help navigating any areas with limited accessibility

Contact Information

If you have questions or would like to discuss your access needs in more detail, please contact us:

Phone – 01 223 4555
